

Dear Dr. Robson and Associates,

I am writing you this letter to thank you for treating my daughter,

Since our last visit with you when Victoria graduated, she hasn't had any accidents and has been dry every night! She can sleep through the whole night now without bed-wetting or will wake up on her own if she needs to go in the night. Thank you once again for your knowledge in the field and patience with my daughter. I wish you and your colleagues all the best in your future endeavors!

Thanks,
