아름다운 한국
BEAUTIFUL KOREA

We are writing from Seoul, South Korea, where we will be living until next spring. It is an unusual and interesting place. We have never experienced before. Full of a kind of culture we look forward to getting to know this dynamic city in the coming months.

You will be pleased to know that it has been totally dry for several months now. It just kind of happened. I don't know if your words finally sunk in or whether she simply decided to make the choice, but she is doing well and feeling more empowered about herself. It feels like a huge weight has been lifted off our shoulders. It's wonderful.

A big thank you to all. We are so grateful for the information, time and energy you shared with us. It has made all the difference. We'd love to drop by to say hello when we get back. Warmly,
